- (1) In the Summary or Transcript of the Lectures, if possible
Please reproduce the schematic diagrams of pulse jets,
ram jets, etc; also formulae, lists of requirements of oxidizers
and fuels.
- (2) Please advise where reprints of Chemical Week of April 7, 1956
are obtainable
- (3) List of sources of information with identifying topics
- (4) Where is the "Propellants Handbook" available?
Or will be available?
